CHANGE IN ACCEPTANCE & VERIFICATION POLICY FOR CARBON BLACK PRODUCTS

March 27, 2018

Effective March 19, 2018

Dear Valued Customer,

As a reminder, Carbon Black may be accepted with the provision that it is not dangerous and strictly complies with Special Provision (SP) 925 of the IMDG code.

In order to validate the Carbon Black meets the requirements of IMDG SP 925, shipper must provide the complete Safety Data Sheet issued by the cargo manufacturer at the time of booking. If the SDS is insufficient to make a determination that the product meets the requirements of IMDG SP 925, additional documents may be required (e.g.: test certificates).

Thank you for your continued support. Should you have any questions or concerns regarding this change, please contact your local CMA CGM sales representative. For current schedule activity please visit our Web site at www.cma-cgm.com.

Best regards,
