Emergency Bunker Recovery Measures Adjustment - Effective June 2019

Dear Valued Customer,

Considering the rise in oil prices recorded in April 2019, please be informed of the re-implementation of emergency cost recovery measures to pass on this rise\(^1\).

Based on the Brent average price in April, the new amount below will apply on all cargo\(^2\) and long-haul trades\(^3\) worldwide with the following implementation date and quantum:

- Effective from **10 June 2019** (cargo receipt date) for FMC trades
- Effective from **10 June 2019** (date of loading) for non-FMC trades

\(^1\) Denomination of the applicable measure may vary according to local regulation  
\(^2\) For any service contract or tariff rate that is not already subject to fluctuating Bunker Surcharge (BAF03)  
\(^3\) For intra-North Europe and intra-Mediterranean trades, quantum will be USD 30/EUR 25 per TEU (dry) and USD 45/EUR 40 per TEU (reefer)

The associated basic freights are available [here](#). Other Bunker related surcharges, Terminal Handling Charges (Origin and/or Destination), Peak Season Surcharge, Security related Surcharges, and similar charges may also apply and are accessible [here](#). Other charges such as contingency and local charges may also apply. All out ports will be subjected to add-ons.
